

December 2018

THE MUSTANG MESSAGE

WBE Families,

We are very excited and proud that during this holiday season all students are focused on a Giving Project for our community.

Kindergarten and 1st grade is partnering with Safe Place for Animals (a local animal shelter) to provide food and supplies for dogs and cats living in the shelter. Each 2nd and 3rd grade class is adopting a local Angel to provide gifts from their wishes and needs list. Our 4th and 5th grades are collecting items to send to deployed service members who are overseas during the holidays.

Each grade group will have an assembly this week to discuss the giving project and ways they may contribute.

For more details about each Giving Project please visit <http://wbetechclass.weebly.com/giving-project.html>.

Thank you for giving back!

Mary Day Reynolds, Ed.D.
Principal

January 7th Back to School

Save the Date

Our 3rd annual Family Stem Night is coming soon. It will be January 17th from 5:30pm until 7pm. The cost will be \$7 per student (parents are free). This is a family stem night which means the activities are designed for parents and students (only K-5 students) to visit the stations together. When we return on Jan. 7th, a flyer with more information will be sent home. This will be first come first serve and will be limited to the first 100 spots.
