SCS Community,

Our school board unanimously adopted our 2020-2021 school district budget last night (5/19.) It will be submitted to our County Commission for approval in June.

To help support our families and students, our school district will purchase all K-8 school supplies in the 2020-2021 school year. We believe that purchasing these items for parents and students will be a financial relief to every Sumner County family as we plan to reopen schools in August.

Parents will be asked to provide only the following items for students next school year:

- Calculator
- Headphones
- Protractor
- Compass

District purchased school supplies will be given to all students as they return to school in August.

In highest regard,

Del R. Phillips III Ph.D.
